NOTE FOR:	O/DCI

SUBJECT: Vietnamese Keyboard Typewriter

Barbara:

- 1. I had reported to you that we located a typewriter and would work out a way to turn it over to the National Center for Vietnamese Resettlement.
- 2. Overriding this action was the need to do it legitimately. We contacted GSA to advise them that we would like to get the typewriter to the organization in question. GSA, once advised, stated that the typewriter should be turned over to them, advertised on their surplus lists and, because the Resettlement Center as an "unsponsored" non-profit group would be at the bottom of the list for the typewriter, GSA could not assure that it would ever get there.
- 3. The Director of Logistics has been in touch with cleared people in GSA and the above stands. At this point, Mr. Blake would like to bow out of making a typewriter available.

	4.	If M	r. Co	lby a	aras, Free s,	the t	ypewriter	could	bе
					with	in the	current	climate	we
would	prefer	not	to d	o so.
